Jussi advises clients on environmental-law-related matters. Jussi is an experienced advisor in a broad range of complex and demanding environmental assignments, such as regulatory compliance issues, regulatory assessments, environmental liabilities, environmental due diligence, environmental permitting, zoning and land use and other administrative processes.

Jussi joined Borenius in 2021. Before that he worked as a consultant in the field of environmental law and sustainable business and as an official in the Ministry of the Environment focusing on law drafting.
