✉ noora.wallenius@borenius.com

Noora advises our clients on data protection, intellectual property, and technology matters, focusing particularly on emerging areas of AI and data regulation, as well as disruptive technologies.

Noora joined the firm as an Associate in spring 2025, having previously worked there as a trainee. During her studies, Noora gained experience in legal technology and the use of AI in law firms as a trainee at another Finnish business law firm, as well as experience in business consulting at a multinational listed company.

Noora holds a law degree from the University of Helsinki and a Master of Science in Economics and Business Administration from Aalto University. She has also studied business at the University of Florida in the United States. Through this combination of legal expertise and commercial knowledge, Noora takes an interdisciplinary approach that enables her to guide clients effectively in complex, technology-driven matters.
